PROFILED POLYCARBONATE ROOFING SYSTEM

EZ Glaze™ smart layout makes installation and fastening easier than ever. Featuring proprietary fixings, the 3mm thick polycarbonate sheets are designed to fit directly over rafters, eliminating the need for supporting purlins. EZ Glaze™ offers a sleek, hassle-free solution for roofing projects, outdoor living spaces, carports, and DIY polycarbonate roofing needs.

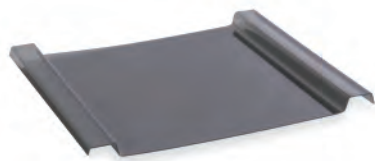

Enjoy natural light with outstanding design and finish. EZ Glaze™ offers easy, fast installation, resistance from hail breakage and UV protection.
